# Honoring every detail of a special life

A memorial service gives family and friends the opportunity to say goodbye and find comfort in sharing their loss with others. It can be held with or without the urn present and can be as customized as you wish, including memorable touches such as music, readings, mementos or other forms of personalization. Your Dignity Memorial® professionals can help you plan every detail to create a distinctive event that is truly the celebration of a lifetime.

## Lasting remembrance

- > Garden niches
- > Indoor and outdoor columbaria
- > Cremation benches and pedestals
  - > Companion memorials

SCATTER

WATER SCATTER

TSA RECOMMENDED

Jewelry Family Support Option. All else will be à la carte.

**Please note that because of the unique nature of each urn's material, variations in color and size may occur.**

Engraving options will vary depending on the size of the urn or keepsake.

**TSA's Transportation of the Deceased**

The TSA recommends that consumers purchase a wood, plastic or non-lead lined ceramic container for transporting their loved one's remains, as these materials generally successfully pass through the TSA's security screening. However, please be aware that some airlines do not allow cremated remains as checked baggage, so please check with your air carrier before attempting to transport a cremation container in checked baggage.

Crafted from a wide range of materials and designed in all manners of form and function, full-size urns range from simple to ornate and from decorative to understated, with a style offered for every individual taste and desire.

☛ Composite wood products are secured together by adhesives which require reasonable care to ensure products perform as intended. Exposure to extreme temperatures or moisture may result in product failure. Always use the plastic bag provided with the urns for a loved one's ashes.
